

*Improving the business of medicine through education*

## **Linda Lindsey, CMC, CMIS, CMOM, CCP**

Linda is a Certified Compliance Professional with more than twenty-five years of clinical and administrative experience in both hospital and multi-specialty group practices. She received specialized training in Quality Assurance at Johns Hopkins University and worked with a large HMO for eight years designing and implementing Quality Assurance programs based on health outcomes.

Prior to joining Practice Management Institute, Linda worked as a Practice Administrator for several multi-specialty groups.

For five years she designed and taught the curriculum for an insurance processing course for a proprietary school that included coding, insurance processing, accounts receivable management and personnel management. She has special training in Federal insurance guidelines and is considered an expert in this area.

Additionally, Linda has taught health education for eight medical groups covering three counties. She also has published results of research from Quality Assurance programs at New York Academy of Medicine. Linda reviews textbooks for two major publishers. Topics include insurance processing, coding, law, ethics, and administrative medical assistance.
