

MACRA, MIPS and APMs: What Every Medical Practice Must Know

Participation and compliance
in 2017 and beyond

Learn 4 options to avoid a negative payment adjustment.

5

Reasons to Attend

- 1 Your practice will be reimbursed in 2019 based on what you report beginning in January 2017.
- 2 Learn how your data and metrics will drive the new payment models in healthcare.
- 3 Get the steps every provider office must take now to be ready and compliant for 2017 reporting.
- 4 Avoid a negative payment adjustment with four options unveiled by CMS.
- 5 Learn how to query providers as part of the team approach to reimbursement.

Quality-based measurements are no longer optional.

The 2019 payment adjustment schedule will be based on 2017 performance reporting. This class explains the new payment models and your team's role in ensuring that measures are properly selected and reported.

Class Highlights:

- This course will provide important physician reporting and reimbursement information relevant to Medicare Access and CHIP Reauthorization Act (MACRA), Merit-based Incentive Payment Systems (MIPS), and Alternative Payment Models (APMs).
- Identify gaps that could affect your reimbursement after the grace period is over.
- Receive an overview of reporting programs, deadlines, and learn how it ties together.
- Learn strategies to assess and evaluate current communication processes among coders, clinicians, and providers.
- Get tips on how to ensure alignment with LCDs and payer contracts.
- Explore the CMS Quality Strategy and Advancing Care Information category (formerly Meaningful Use).
- Learn the role of patient engagement and technology for reimbursement under MACRA.
- Find out how the government will use this data and its purpose for creating improved health outcomes.

Who Should Attend

Course content is relevant for medical office professionals, providers, office managers, consultants, and compliance officers.

Prerequisites

This is an intermediate-level course. Content assumes knowledge of outpatient coding and reimbursement.

What to Bring

A course manual will be provided with helpful resources and links for use beyond the classroom. No other outside materials are required.

Continuing Education

Continuing Education credits are awarded for attendance at this program. See PMI's web site for further details.

Practice Management Institute

Practice Management Institute® (PMI) teaches physicians and their staffs how to properly navigate complex health care issues and secure every dollar rightfully due. PMI programs focus on solutions for coding, reimbursement, compliance and practice productivity. These training programs have been hosted in leading hospitals, medical societies and colleges across the U.S. for more than 30 years.

PMI awards certification by exam in four administrative areas:

Certified Medical **Coder** (CMC)®

Certified Medical **Insurance Specialist** (CMIS)®

Certified Medical **Office Manager** (CMOM)®

Certified Medical **Compliance Officer** (CMCO)®
