

## About Jimmie

Jimmie Hebert, CMC, CMIS,  
CMOM

Jimmie has traveled the country teaching physicians, medical practice administrators and staff about the latest issues in medical practice management. Her background includes management of several multi-physician, multi-specialty clinics.

She is a Certified Medical Coder (CMC), a Certified Medical Office Manager (CMOM), and a Certified Medical Insurance Specialist (CMIS). Additionally, she has special expertise in the areas of human resource management and patient advocacy.

Jimmie has conducted managed care contract analyses and negotiation and has extensive training and experience in CPT, ICD-9-CM and ICD-10 coding as well as effective reimbursement and collection techniques. She is well-versed in Medicare issues, coding and compliance.

Her articulate, down-to-earth communication style makes her one of PMI's most sought-after speakers.
