

## About Misty

Misty Nelson, LPN,  
CMC, CMIS, CMOM, CMCO

Misty has more than 12 years of healthcare experience. Her nursing background combined with her management experience, industry knowledge and natural teaching ability are the perfect fit for the classroom.

She has worked as a Practice Manager for two health centers in North Carolina where her responsibilities included management of clinical and support staff, as well as day to day operations of a FQHC. Misty was responsible for maintaining HIPAA and OSHA compliance and wrote an emergency action plan. She also handled the practice budget and productivity, and had a hand in the scheduling of residents and faculty. With both clinical and practice management knowledge, she has been able to understand and participate in quality assurance programs and nursing care plans.

Misty graduated Magna Cum Laude from ECPI College of Technology Medical Careers Institute in Greenville, SC.
