Leadership training and certification
for medical office professionals

PRACTICE[®]
MANAGEMENT
INSTITUTE

Improving the business of medicine through education

Whether you are currently running a practice or want to acquire the skills to become a practice leader, this program will expand your knowledge with detailed modules.

- CMOM certification demonstrates to providers, auditors, compliance officers, employers and business associates that you have achieved advanced knowledge and skills to succeed in a practice management role.
- The expertise gained in this program can protect providers from risks, motivate employees and improve the practices financial outlook.
- Certification helps instill confidence when communicating with providers, third-party payers, patients and business associates.
- Take charge of practice administrative issues so that providers can focus on quality patient care.
- Certification improves your value to the practice and bolsters your career.

The Certified Medical Office Manager (CMOM)[®] program has passed a thorough review process, ensuring that the materials are current and accurate, and testing standards are strictly enforced. Board and faculty members have real-world experience in all aspects of running a successful medical practice. Visit pmiMD.com for more information about PMI's Advisory Board and Faculty.

“The CMOM certification provides opportunities for managers to gain the same level of understanding and knowledge necessary to perform their jobs and continuously expand knowledge and skills. This was a great opportunity to learn important information necessary successfully lead their teams; especially from a compliance standpoint, it helped make sure that activities in the office are in compliance with local and federal laws, and to ensure patient safety.

CMOM provides up-to-date information necessary to lead the medical office safely and successfully.”

Zorayma Barnard
Director of Operations – Primary Care
Florida Hospital Medical Group

“I get to watch these people develop and grow in confidence and knowledge. You can just see the light bulb moment. No one has ever come out of a CMOM course saying, ‘I didn’t get my money’s worth.’ They’re astonished at all they learned in the course.”

Barbara Good
Physician Practice Advocate
West Virginia State Medical Society

“I think that all organizations benefit from having educated leaders. The CMOM course provides information that every manager in the medical field needs to know.”

Libby Purser
Supervisor, Health Information Manager
Dallas Diagnostic Association, Plano
