# PMI Coding Workshop: CPT

Updated to include hands-on
OP reports for all body systems in CPT

# Get a comprehensive foundation in CPT Coding

# 5 | Reasons to Attend

**1** Improve understanding of Current Procedural Terminology (CPT®) coding language.

**2** Study the guidelines that third-party carriers expect coders to follow in order to pay claims.

**3** Review terminology such as fragmenting, bundling and unbundling of codes.

**4** Learn the basic anatomy and body system functions for each corresponding CPT coding section.

**5** Receive up-to-date training and hands-on practice exercises using advanced coding scenarios.

# Learn current guidelines to improve accuracy, reduce claim denials, audit scrutiny, and help ensure that providers receive correct reimbursement.

## Class Highlights

- Review instructions for use of CPT codebook, symbols, and valuable resources inside

- Instructions on the proper CPT procedural coding process

- Correct use of add on codes

- Expanded guidelines and coding tips

- Review of the anatomy and functions of the various body systems

- Practice correctly coding operative notes and leave feeling confident

- How to accurately apply modifiers when they are required and understand the impact on reimbursement

- How to report and get paid for unlisted procedures

- Integrate 2018 CPT and HCPCS coding changes (new and deleted codes), and guidelines into practice

- Actively practice coding exercises and scenarios in each section (ex: the body systems and modifiers)

## Who Should Attend

This class is appropriate for physicians, clinical personnel, compliance, auditing, management, coding and clinical staff.

## Prerequisites

The content covered in this course assumes a basic understanding of CPT coding.

## What to Bring

Participants must bring a current year CPT Code Set manual to this class.

## Continuing Education

+ CEUs

Continuing Education credits are awarded for attendance at this program. See PMI's web site for further details.

## Practice Management Institute

Practice Management Institute® (PMI) teaches physicians and their staffs how to run a more productive, profitable and compliant medical office. Each year, thousands of medical office professionals look to PMI as a leading provider of continuing education and credentialing. These training programs have been hosted in leading hospitals, medical societies and colleges across the U.S. for 35 years.

## PMI awards certification by exam in four administrative areas:

Certified Medical Coder (CMC)®

Certified Medical Insurance Specialist (CMIS)®

Certified Medical Office Manager (CMOM)®

Certified Medical Compliance Officer (CMCO)®
