• Improve reimbursement, reduce denials and make a smooth transition in 2018
• New reimbursement opportunities and incentives
• New options for small practices to participate and earn QPP points
Class Highlights

- Review new, revised, deleted CPT® codes and their impact on various specialties.
- Learn how ranking providers for quality and cost affects your reimbursement in 2019 and beyond.
- Go through updates to payment policies, payment rates, and quality provisions for services furnished under the Medicare Part B Physician Fee Schedule.
- Review Federal EHR program updates and penalties for non-compliance.
- Discuss RVU changes for specific services resulting from CMS review of potentially misvalued code initiative.
- Find out about newly introduced incentive programs including a program that may help you earn bonus points and take on shared responsibilities in QPP.
- Learn about a new hardship exemption that may affect practices impacted by the recent hurricanes.
- Learn about a new option designed to help clinicians and small, rural practices take on shared responsibility for value-based payments.
- Review newly expanded options for provider participation in advanced APMs, including bonus points added to final scores of small practices, and for treatment of complex patients.
- Review changes to Medical Home financial models designed to minimize financial risk.

Who Should Attend
Medical Office Managers, Providers, Reimbursement Specialists, Coding and Billing professionals, Consultants, and Compliance Officers will all benefit from this program.

Prerequisites
This is an intermediate-level course. Content assumes knowledge of outpatient coding and reimbursement.

What to Bring
A 2018 CPT coding book is optional. This class includes manual with helpful tools and links for use beyond the classroom.

Continuing Education

Continuing Education credits are awarded for attendance at this program. See PMI’s web site for further details.

Practice Management Institute

Practice Management Institute® (PMI) teaches physicians and their staffs how to properly navigate complex health care issues and secure every dollar rightfully due. PMI programs focus on solutions for coding, reimbursement, compliance and practice productivity. These training programs have been hosted in leading hospitals, medical societies and colleges across the U.S. for more than 30 years.

PMI awards certification by exam in four administrative areas:

- Certified Medical Coder (CMC)®
- Certified Medical Insurance Specialist (CMIS)®
- Certified Medical Office Manager (CMOM)®
- Certified Medical Compliance Officer (CMCO)®

Get all your provider-pertinent updates and incentives for the New Year and beyond.

5 Reasons to Attend

1. Review the CMS final rule updates to Medicare Physician Fee Schedule.

2. Get all the new, revised, deleted CPT® codes, effective January 1, 2018.

3. CMS will give up to five bonus points on the final score for treatment of complex patients.

4. Bonus is now available for providers using 2015 Certified Electronic Health Record Technology (CEHRT).

5. This manual includes substantial updates and information that will keep your office reimbursement on track all year.

Class Highlights

- Review new, revised, deleted CPT® codes and their impact on various specialties.
- Learn how ranking providers for quality and cost affects your reimbursement in 2019 and beyond.
- Go through updates to payment policies, payment rates, and quality provisions for services furnished under the Medicare Part B Physician Fee Schedule.
- Review Federal EHR program updates and penalties for non-compliance.
- Discuss RVU changes for specific services resulting from CMS review of potentially misvalued code initiative.
- Find out about newly introduced incentive programs including a program that may help you earn bonus points and take on shared responsibilities in QPP.
- Learn about a new hardship exemption that may affect practices impacted by the recent hurricanes.
- Learn about a new option designed to help clinicians and small, rural practices take on shared responsibility for value-based payments.
- Review newly expanded options for provider participation in advanced APMs, including bonus points added to final scores of small practices, and for treatment of complex patients.
- Review changes to Medical Home financial models designed to minimize financial risk.

CMS is decreasing the number of clinicians required to participate in value-based payment models, and increasing participation options for small practices.
